

intimus 14.95 Heavy Duty Shredder

For decades, the intimus® heavy duty shredders have proven to be centrally positioned pieces of equipment for the privacy-friendly disposal of disused media.

The spacious feed table with integrated infeed conveyor belt provides controlled, effortless, safe and fast loading. The shredded material is collected in large-scale, mobile or swing-out containers under the cutting mechanism. The shred-press combinations are coupled to a baler for immediate fully automatic compaction of the cut material into compact bales. Reduction effect compared to the loose collection of the cuttings is about 70%.

W/D/H 80/120 x 168 x 164 cm

- Large document shredder for smooth and crumpled paper
- 440 mm working width; suitable for all standard computer formats
- Feeding via conveyor belt
- "Bin full" alarm, with simultaneous automatic stop of the shredding process
- 400 liter collection volume for shredded material
- Small footprint to fit through standard door openings
- Mounted on rollers for flexible use
- All doors secured with safety switches
